PROMISE AID TO COUNTY LAWYER IN GETTING FACTS

Wicher's Lawyers Say Devine is "Good Fellow, But—"

Characterizing special counsel for Lee county as "a good fellow but easily excited," and promising him aid in getting information concerning alleged "wrongful dealings" of certain supervisors, attorneys for Clyde Wicher in his \$2,500 suit against Lee county this morning replied to Attorney J. P. Devine as follows:

"Special counsel for defendant, in Wicher vs Lee County, is a good fellow but evidently easily excited. In his latest public statement he says that plaintiff's comments of the night before were amusing, and then proceeds to scold instead of to laugh. In his excitement he seems to feel that he is charged with the responsibility of the conduct of both sides of the case but of course such is not the fact."

Plaintiff had the right to dismiss his suit and begin another, and of course will prepare and try his side of the case as he thinks best just as defendant will do with its side of it. It is seldom that a plaintiff's acts are pleasing to a defendant or his counsel. However, in this case, when plaintiff dismissed his suit, counsel for defendant was entitled to his fee; and now another suit is begun, he has an opportunity to earn another fee. Surely he must be excited to complain of this situation.

"If special counsel is in earnest in the intimidation of his desire to expose all supervisors who may have had wrongful dealings with the county we will be glad to furnish him such additional information as we may be able to get."

Turks Repulsed By Armenian Military

By Associated Press Leased Wire. Washington, Oct. 22.—A dispatch to the Armenian legation today from its government said the Turkish attacks on Novo Selin and Idker had been repulsed. The morale of the Armenian army was described as excellent.

Armenians in Tiflis, Georgia, made a big demonstration before the allied missions there, said the dispatch, to protest against Turkish invasion and to express their determination to defend their independence to the last. At the same time hostile demonstrations were made before the Soviet mission at Tiflis.

It was stated that the Bolsheviks had offered to arrange for the withdrawal of the Turkish troops to the 1914 frontier provided the Armenian government officially announced that it had nothing in common with the allies. This offer was rejected.

MANY SALES WILL BE HELD AT PAVILION IN DIXON DURING WINTER

Sales Company Held Fine Business Meeting Thursday.

A meeting of the directors of the Rock River Valley Breeders Sales company was held yesterday at which the following officers were elected for the coming year:

C. B. Swartz—President.
Henry W. Hey—Vice President.
F. N. Vaughan, Amboy—Treasurer.
A. G. Harris—Secretary.

Important business was transacted and the reports show that the company is in prosperous condition. During the past year there have been a number of sales held in the new sales pavilion the total amount of which is beyond the expectations of many, being in the neighborhood of a quarter of a million dollars. These sales have attracted the attention of the pure bred breeders not only from this state, but other states and this locality is fast becoming known for its high-grade pure bred stock.

Phillips Brothers of this locality have produced a pure bred Duroc Jersey boar, Premier Colonel 2nd, which took the Grand Championship prize at the Springfield Fair this year over 800 contenders. This is a marked distinction for this section of the state.

The officers of this company look forward to an exceedingly prosperous year. Many sales have been booked for the coming season, some state sales have been secured and arrangements are being made to secure others. The new buildings here are second to none of their kind. This organization is having the support of the business men and farmers of this locality and will soon be one of the foremost of its kind in the country.

Many prominent men have attended the sales of the past and the officers have promises of very prominent men in the state, who are very much interested, to attend some of the sales in the near future. The sales pavilion has an elegant platform to display the stock and the spectators and buyers have opera chairs in which to remain comfortably seated during the sale.

Among the coming sales are: Phillips Brothers, who won the Grand Championship prize at the Springfield fair this year, who will hold their first sale of pure bred Duroc Jersey hogs of this season Thursday of next week; C. Lee Stauffer will hold a pure Duroc Jersey sale, November 13th and from that time on many other prominent breeders will hold their regular sales.

Palestine Mandate Will Be Taken Up

By Associated Press Leased Wire. London, Oct. 22.—Jewish Telegraphic Agency.—Replying to a question by the Honorable William Ormsby-Gore in the House of Commons last night, the exchequer, said on behalf of Premier Lloyd George that the matter of the mandate for Palestine would be taken by the League of Nations in the near future. He said the British government had made it clear to the league as well as to the allies that it proposed to put into effect the Balfour declaration to the Jews regarding Palestine.

Mr. Chamberlain stated that the Palestine boundaries had not yet been determined.

The Balfour declaration referred to was made by Arthur J. Balfour in November, 1917, when Mr. Balfour, then secretary for foreign affairs, wrote a letter to Lord Rothschild expressing the government's sympathy with the Zionist movement.

The Central News says MacSwiney was only partially conscious this morning, having passed a very bad night. It declares a doctor again administered liquid food, and that subsequently the Lord Mayor became violently ill and was thrown into an exhausted condition.

VEILED CRITICISM FOR COMPTROLLER FROM BANKER ASSN.

"Dangerous Attacks" Upon Credit Structures Are Condemned.

By Associated Press Leased Wire. Washington, Oct. 22.—Discussion by the American Bankers' Association of criticisms leveled recently at certain New York banks by Comptroller of Currency Williams culminated today in the adoption of a report of the association's resolutions committee condemning "dangerous attacks by unnamed individuals on the credit structure of the country."

Presentations of the report brought on a heated discussion. Several members maintained that the convention itself was not interested in the controversy which has grown out of Comptroller Williams' charge that certain bankers had received inordinate rates of interest on call loans.

The resolutions committee's report expressed complete approval of the federal reserve system; condemned any effort to use the government funds or forces to arbitrarily hold up or to force down prices or otherwise to "interfere with normal economic influences"; recommended the elimination of the excess profits tax as inequitable and of the surplus tax because "it acts as a brake on production"; and pledged the efforts of the members toward the opening of foreign markets through extension of long term credits or other means.

The report condemned "speculative hoarding" in agriculture or other industries; renewed the recommendation for a national budget system and expressed the association's complete disapproval of nationalization of industry, particularly as contemplated by the Plumb plan.

The association through adoption of resolutions, went on record as opposing "further participation of the government in business enterprises" and referred to the alleged extravagant losses resulting from government operation of railroads.

While favoring immigration as means of preventing labor shortage and enabling the development of resources, the committee report adopted recommended caution in the admission of aliens in order that the country's welfare and its ideals might be safeguarded. A five year program for construction of national highways was endorsed. The report in conclusion expressed the opinion that the United States faced an era of world leadership and prosperity which could only be lost "by internal strife or failure of national leadership."

Praise Country Banker.

The country banker was lauded by George Woodruff, president of the First National bank of Joliet, Ill., as one "able to talk on any subject at any time—from army worms to tractors and from Mary Pickford to Babe Ruth"—and as one who in addition to being the commercial leader of his community, "must still find time to act as godfather for the babies and palbearer for those who have drawn their last checks."

"Country banks," Mr. Woodruff told the convention, "hold considerably more than 50 percent of the demand and time deposits of the nation, handle and finance the actual production of practically all of the raw products of the union and incidentally pay 73 percent of the dues of the American Bankers' Association."

ANOTHER APPEAL FOR ROOMS FOR TEACHERS COMING TO THIS CITY

Chamber Commerce Lists Only 144 Rooms—Need Very Many More.

Next week will bring more than a thousand school teachers and instructors to this city, two very important meetings being scheduled to last throughout the week. With the opening of the week, the annual Lee County Teachers' Institute will convene, bringing together from all parts of the county and visiting instructors from surrounding counties.

With the conclusion of their sessions Thursday, the annual meeting of the Northwestern Teacher's Institute will convene here for a two day session, Friday and Saturday. It is safe to predict that there will be about 1,200 teachers here on that occasion, all of the instructors attending the institute earlier in the week, remaining over for the last two days meeting which will be most important.

Have Only 144 Rooms.

Several days ago, an appeal was made to the citizens of Dixon to list available rooms with the Chamber of Commerce for the entertainment of the visiting teachers. To date the office of the secretary of the Chamber of Commerce has received notice of 144 available rooms for the housing and entertainment of more than a thousand teachers. These were received the next few days after the first appeal. The number, however, is very insufficient and another appeal is being made for citizens to list at once available rooms for the use of the teachers. Any information desired may be secured by calling the office of the secretary of the Chamber of Commerce, where a card index system of all available rooms is being kept. Those having rooms which may be thrown open to the visiting school teachers are urged to list them at once with the secretary as only a few days remain before hundreds of school teachers will be in Dixon and without accommodations.

Eight will be against White Sox players against who true bills were returned last month. The other three are understood to involve a former prize fighter, and two former ball players, one of whom was a member of the New York Giants and the other at one time was a White Sox player.

E. K. Linger, mayor of Chicago Heights, Chief of Police Stone, of Chicago Heights and Chief Feidler, of Blue Island, all Chicago suburbs, and Roy Clossman, a street car employee, have been called to tell about baseball pools.

By Associated Press Leased Wire. Minneapolis, Minn., Oct. 22.—Arnold Oss, star half-back of the University of Minnesota football eleven, injured two weeks ago, is recovering rapidly and indications today were that he may get in the game with Illinois at Urbana on Oct. 30.

The trainers have been treating Oss' injured knee and while it is not certain that he will be able to start against the Illinois, he is expected to be in fair enough shape to use in an emergency.

The Gophers are working hard to get in trim for the Illinois tussle and practice each afternoon continues until well after dark.

BOY, MISSING SINCE SUNDAY; FOUND TODAY

Discovery Made By Women Attendants This Morning.

The body of William Kline, Dixon state colony patient who disappeared from the institution Sunday afternoon, was discovered floating in Rock river near the north bank at the colony grounds this morning about 8:15 by two young women attendants. The colony officials were at once notified and the body was ordered removed to the Staples, Moyer & Schumm mortuary by Coroner S. J. Whetston.

The young man accompanied two other patients on a walk Sunday afternoon, going down along the river bank to hunt nuts in the woods. His two companions returned to their cottage for supper, but Kline could not be accounted for. Dr. H. B. Carriel, superintendent at the colony, notified both the police and sheriff's offices in Dixon, furnishing them with a description of the missing patient and soliciting their assistance in a search which was instituted at once. Attendants riding horseback, searched for many miles in an effort to locate him. At the time it was not thought that he had fallen into the river, as reports were received Monday from persons who stated that they had seen him in the vicinity of the military academy ruins east of Assembly park.

The body was in a badly decomposed state, having been in the water possibly for more than four days. It is probable that the patient was seized with an attack while near the water's edge and fell into the river while in an unconscious state. Coroner Whetston of Steward arrived at noon and is conducting an inquest this afternoon.

MANY STERLING STUDENTS WILL COME WITH TEAM

Old-Fashioned Rooting Expected Saturday Afternoon.

With prospects of a cheer-battle between the students bodies of their respective schools as part and parcel of their gridiron battle, the foot ball teams of the Dixon and Sterling High schools will take the field at Browns' Park at 3 o'clock tomorrow afternoon in the first of the two games scheduled for these teams this season.

An exceptionally large number of tickets for the game have been sold to students of the Sterling school and Coach Vazina was informed this morning that a very large delegation of the Sterling young men and young women will accompany the team to this city.

To provide for them a part of the field will be reserved. Naturally Dixon pupils are not going to let the visitors outdo them in cheering.

Despite injuries which have put Captain Jones completely out of the game and forced several other strong members to the side lines, the Dixon team will take the field in fair condition and with an abundance of determination. Ives, who has been acting captain since Jones' fall, has shown marked ability in the position and Haley, who replaced the injured leader at quarterback, is handling the team like a master. H. Jones and Waggoner will play the halfback positions and Breemer will make his drives from full. Mahan will be seen at center, Dale and Stuckpole will start at end, Ives and Annis tackles and Gullion and Weldner at guard.

LLOYD GEORGE GIVES NO INDICATION THAT BRITAIN WILL WEAKEN

His Action on Ultimatum of Rail Men is Awaited.

BULLETIN.

By Associated Press Leased Wire. London, Oct. 22.—The miners' conference of South Wales today asked the National Miners' Federation to a national conference to consider the withdrawal of all labor from the coal mines. The mines are being kept in order by specially assigned forces and their withdrawal would render the pits useless for the resumption of work.

Questioned in the House of Commons this afternoon with regard to the strike Mr. Bonar Law, the government leader, declined to discuss it except to say that the situation was very grave. He referred, however, to the premier's statement last evening, and added:

"The anxiety expressed by Mr. Lloyd George to explore every avenue which could possibly lead to peace still exists, and nothing will be left undone by the government."

London, Oct. 22.—(By Associated Press)—British labor and the country as a whole waited anxiously today for the government's next move in the deadlock over the coal miners' strike following the ultimatum delivered by the railway men yesterday and almost equally pointed threat from the transport workers.

The representatives of the National Union of Railway men were in session and it was understood they expected a reply from the Premier to a communication they sent him yesterday giving him to understand that the railway men would quit work Sunday at midnight unless by Saturday the strike was settled or negotiations which would effect a settlement had begun. This afternoon it was announced the parliamentary committee of the Trades Union Congress had called a conference for Wednesday next of the executives of the affiliated unions to consider matters to help the miners to settle the strike.

The conference of the National Union of Railwaymen it also was announced, decided today to invite the miners' executive committee to meet this railway conference tomorrow to consider the railway union's invitation and the general situation.

Robert Williams, general secretary of the transport workers, announced in their behalf, with regard to the enrollment of volunteers by the government which has been going on, that the transport men "look upon the danger of the enrollment of volunteers especially from the middle class and white guards of the community, as of more provocation than the use of troops."

Consequently, continued the announcement, the transport men are considering the granting of permits in the event of an extension of the coal strike by which the appropriate trade unions would provide the necessary food for the community.

Wait Premier's Decision.

Interest in the miners and the threatened walkout of railroad and transport workers throughout the country was centered today on 10 Downing street, the official residence of Premier Lloyd George. Served with virtual ultimatums by the railroad and transport men to begin negotiations with the miners today on

Today's Market Report

(By Associated Press Leased Wire.)

Wheat and Corn on Advance This Morn

By Associated Press Leased Wire
Chicago, Oct. 22.—Wheat prices advanced briskly today after a weak start. Reports of liberal European buying were chiefly responsible for the rally. Uncertainty regarding a British strike troubles together with a harsh crop outlook from Argentina had a good deal to do with initial doings.

Opening quotations for wheat varied from unchanged to 1/16¢ and 1/8¢ higher, with Dec. 1 3/8¢ to 1 1/2¢ and March 1 1/8¢ to 1 1/4¢ and under, and a period of wavering and then by a decided upturn all around to well above yesterday's finish.

Corn paralleled the action of wheat. After opening 1/16¢ off to 1/8¢ advance, including Dec. at 7 1/2¢ to 8 1/4¢, the market sagged a little more, and then scored substantial gains.

Oats were governed by the action of other grain starting unchanged to 1/8¢ higher, Dec. 52¢ to 52 1/2¢ and under, going a moderate general setback, but later recovering.

Fresh breaks in the value of hogs weakened provisions.

Large corn export clearances put bears at a disadvantage. The close was firm, 1c to 1 1/4¢ net higher, with Dec. 8 1/4¢ to 8 1/2¢ and May 8 1/4¢ to 8 1/2¢.

reached were not made public. Indications of a political, as well as an industrial crisis were found in the situation, it was declared, and it appeared that labor had joined issue with the government in a struggle which might become historic.

Premier is Firm

In informal conversations with men prominent in the councils of labor the premier has given no hint of weakening or receding from his position that, pledged for increased coal production and reference of the miners' demands to an independent tribunal must be agreed to as conditions precedent to an increase in wages for the men. It was believed the treaty of the railway and transport men served, not to drive the premier from his position but to make it more difficult for him to enter into negotiations with coal diggers.

Serious economic conditions are already becoming evident in some localities as a result of the miners' strike and there is a widening circle of idleness that causes concern. Drastic reduction of railroad and shipping schedules has already been ordered and many industrial plants have been forced to close because of lack of fuel. It was stated this morning at the office of Frank Hodges, of the miners' union that nothing was known there regarding any appeal for assistance to the international organization of the miners. No efforts had been made to approach Americans in connection with the miners' strike, he added.

SPREADS TO BELGIUM

Brussels, Oct. 22.—The strike movement among the Charleroi coal miners where 2,000 men went out yesterday will probably be followed by the railway postoffice men, street car employees and metal and gas workers. It was predicted in labor circles today. The movement is one of protest against the payment of an income tax.

APPEAL FOR AID

By Associated Press Leased Wire
Berlin, Oct. 22.—Leaders of striking British miners have applied to the Miners' Internationale for assistance according to the Vorwaerts. The newspaper adds that German miners

are watching the British strike with intense interest, and have sent a message to the British coal miners wishing them speedy success.

Italian Societies Urging Revolution

By Associated Press Leased Wire
Rome, Oct. 21.—Reaction for the purpose of crushing the proletariat is being organized by the bourgeoisie, but it is confronted by the revolutionary organization of the masses throughout the world, says a manifesto addressed to "all workmen, peasants," which was printed today in the Avanti, Socialist organ. The manifesto was signed by the Socialist Party, the Anarchist Federation, the General Confederation of Labor, the Syndicate of Railwaymen, the Federation of Seamen and the Federation of Harbor Workers.

The manifesto urges the proletariat to intensify the struggle and perfect plans for a revolutionary movement "without impulsive action, without impatience, but with promptness and determination."

Brig. Gen. Biddle Will Be Retired

PARENT-TEACHERS' MEETING—

The first meeting of the year of the South Side Parent-Teachers' association was held in the high school building last evening. It was a splendid meeting, between seventy and eighty people being present. The meeting was in charge of Mrs. W. C. McWeethy, president of the association.

The first number on the program was a vocal solo, "Mother O' Mine" by W. H. Hart. He responded to an encore, "Chrysanthemums." Mr. Hart was accompanied on the piano by Miss Lois Keyes.

Carroll D. King, Secretary of the Dixon Chamber of Commerce then gave a short talk telling how the Chamber of Commerce works for the Public Schools. He urged all who could to open their homes next week for the teachers who will be here to attend the annual meeting of the Teachers' Association of Northwestern Illinois.

Mrs. C. M. Huguet, possibly the oldest musician in Dixon, favored with a piano solo, "Musings," by Mendelssohn. She graciously responded to the hearty encore by giving "Wanderings."

County Superintendent L. W. Miller gave a talk which was very interesting. He spoke of the coming institute and urged all to attend the sessions to be held the first four days of next week in the high school auditorium. The speakers for the event are some of the best known educators of the Middle West.

Following the program a short business session was held. Mrs. W. E. White was elected Corresponding Secretary and Mrs. J. L. Tetrick Recording Secretary. It was unanimously agreed to send greetings and best wishes to Superintendent J. C. Reeder who is at present in Chicago.

Following the business session refreshments were served by the social committee. Miss Ruth Smith, Madeline Richardson, White, Potter, Waggoner, Dana, Riskey, Slothower and Reinhardt and Miss Scott.

SUNSHINE CLASS MET—

The Sunshine class of St. Paul's Lutheran church was entertained last evening at the home of Mrs. Mable Johnson, assistant hostesses being Blondina Bishop, Mrs. Theresa Boyer and Mrs. Elizabeth Lindsey. After the regular business was transacted the following program was enjoyed:

Violin solo by Alonzo Boyer, Jr.
Vocal solo by Mrs. Mable Johnson.
Piano solo by Grace Johnson.
Instrumental solo by Mrs. Theresa Boyer.

Mrs. Kay, teacher of the class, gave a brief sketch on "American Chief" by Marian Lawrence which was very interesting. Dainty refreshments were served by the hostesses.

SMITH-STOVER—

Miss Ruth Smith, daughter of Chris Smith of near Harmon, and John Stover of Nelson, were united in marriage Wednesday afternoon at St. Paul's Lutheran parsonage by Rev. Lloyd Walter, pastor of that church. The couple were attended by the bride's father and by her sister and husband, Mr. and Mrs. Jensen. Following a short wedding tour in Wisconsin they will make their home in Nelson.

WHY POLITICS AFFECTS YOUR HOME

BY

MAUD WOOD PARK

(Chairman National League of Women Voters.)

Fifteen thousand statutes is the yearly record of the 48 state legislatures.

What part have you played in putting these laws upon the states books? What voice have you had in the selection of the 7347 men who made these laws?

The federal government, powerful and complex, with its absolute decrees in foreign affairs, and its ten regular departments and supplementary bureaus, boards and councils at home, is not nearly so determining a factor in the governed life of the citizen as is the state.

The federal government was designed to be the agent of the states acting together. The men who originated our national government thought of the Union as a partnership of self-governing units. At that time the state existed with unlimited power. They specifically limited it for common national utility.

The state may act in any way not forbidden by the constitution, the federal government may act only by grant of constitution. Hence the importance of the right men as your

SERVICE STAR LEGION—

The Service Star Legion will meet Tuesday afternoon at G. A. R. hall. Every member is requested to be present as a committee will be appointed to take charge of the dinner to be given next Friday for the school teachers at Elks club.

PALMYRA MUTUAL AID—

The next regular meeting of the Palmyra Mutual Aid society will be held next Wednesday with Mrs. Hugo Hendricks. Each member is requested to bring a quilt patch nine inches square.

GUESTS FROM CHICAGO—

Mrs. Oris Webster and son, Willard Anderson Webster, of Chicago, are being entertained at the Charles E. Miller home of Chamberlain street and at

state office-holders and representatives.

State Legislatures, receiving their power from the people, men and women alike, make the bulk of that legislation which is commonly called government. They enact laws protecting life and property (including divorce and marriage laws); promoting the common welfare, having to do with trade, industry, roads, health, charities, education, taxes on persons and property (excepting the income tax); banks, insurance, agriculture and conservation.

The price you pay for public utilities such as gas, electricity, street car transportation and telephone service is frequently fixed by the state. Except where the constitution is infringed upon, the state is the chief high court of the land.

How many laws do you need each year to make you a good citizen?

Fewer laws, thoughtfully enacted, rightly administered, faithfully adhered to are better than the mass of loose legislation that now obstructs justice.

Let quality rather than quantity be the watchword of the new voter.

the William Anderson home on Third street.

KINGDOM AID SOCIETY—

The Kingdom Community Aid society will meet Wednesday with Mrs. Chas. Hanson.

M. E. LADIES' AID—

The regular monthly meeting of the Ladies' Aid society of the M. E. church will be held Saturday afternoon at 2:30 at the church.

AT WALTER HOME—

Mrs. Bertha Huff and daughter, Amelia, of Evanston, are visiting at the home of Rev. and Mrs. L. W. Walter.

If there are members in the family who will insist on having cooked cabbage once in a while there is a way to cook it without advertising the fact for a week afterwards.

Cut a head of cabbage into sixths. Add 1/2 teaspoonful of soda to a kettle of boiling salted water. Put in the cabbage and cook 15 minutes uncovered. The cabbage will be tender and can then be creamed or scalloped or fixed as one may wish. There will be no odor of cabbage through the house.

Menu for Tomorrow.

BREAKFAST—Chilled grape and orange juice, fried green tomatoes with milk gravy, buttered toast, coffee.

LUNCHEON—Spiced veal, creamed potatoes, celery salad, sponge cake, tea.

DINNER—Cream of Lima bean soup, roast duck, baked sweet potatoes, scalloped cauliflower, grapes and pears, toasted crackers, cheese, coffee.

My Own Recipes.

A mixed cheese could be used with the crackers for a change. Two ounces of Roquefort, added to a cream cheese, give a Roquefort taste, and the hole in one's housekeeping allowance is not unreasonable. Finely-chopped pimientos and the yolk of a hard-boiled egg may be added.

SPICED VEAL.

2 1/2 pounds of lean veal.
1-3 pound salt pork.
1/2 cup cracker crumbs.
2 eggs.
1/2 cup tomato catsup.
1/2 teaspoon pepper.
1 lemon (grated rind).
1 cup water.
2 tablespoons butter.
Chop meat very fine. Beat eggs well. Mix first seven ingredients. Mold the meat into a brick-shaped loaf. Roll in fine cracker crumbs. Put in a small dripping pan and bake

an hour to an hour and a half in a moderate oven. Baste with the water and butter. This may be prepared the day before and sliced cold.
CELERY SALAD.
1 1/2 cups diced celery.
1/2 cup diced apples.
1 large green pepper.
Lettuce.
French dressing.
Wash pepper and remove seeds and tough white fiber. Shred or cut into thin circles. Mix celery and apples with dressing. Arrange on lettuce, add pepper and serve. A salad that is mixed with French dressing should not be allowed to stand after mixing.

The roast may be rare or well done. The after-dinner story must be both. MARY.

OUR CANDIDATES

For President
WARREN G. HARDING

For Vice President
CALVIN COOLIDGE

THE DICTATOR

Woman directs the consumption of
85 per cent of the wealth of the coun-
try, according to figures compiled by
Mrs. Henrietta Calvin, specialist in
home economics of the Federal Bur-
eau of Education.

Eighty-five per cent of the industry
of the nation busies itself with those
things that minister, directly or in-
directly to the comfort, convenience,
pleasure or taste of women.

Not only does industry devote the
greater part of its energies to making
the things woman herself uses, but
also to the innumerable food and
household articles the purchase of
which helpless man places almost ex-
clusively in the hands of woman.

Man eats, but it is woman who di-
rects what he shall eat. He has little
to say in the matter. The wife goes
to the grocer's and looking over the
stock, determines what he shall eat
that evening. It follows, therefore,
that manufacturers of food products
is governed, as to quality and style of
his goods, by his desire to please her
who, as far as he is concerned, is the
ultimate consumer.

A man goes to buy an automobile.
He may prefer a certain car because
of its engine. But, in the end, the ma-
chine he buys is the one selected by
his wife on account of the lines of its
exterior and the home-like comfort of
its interior. Consequently, no small
part of the business of an automobile
designer is to turn out such machines
as will delight the eye of her who is
the supreme court in all issues relat-
ing to household purchases.

The furniture maker, the house-
builder, the textile weaver, are con-
cerned endlessly with patterns, de-
vices and designs pleasing to HER.
Woman proposes as well as disposes,
while man only pays the bills.

Woman, in fact, says Mrs. Calvin,
is the controlling factor in production,
since she directs all but 15 per cent of
the consumption. It is much more
simple to make a list of the industries
in which woman has no influence than
to call the roll of the innumerable in-
dustries that are governed in part or
in whole by her distastefulness in mat-
ters of style and taste.

Universal woman's suffrage is
merely an extension of her authority
to a field that woman's influence will
improve, just as the material products
of industry are constantly being im-
proved to meet the progressing stand-
ards of good taste and quality as dic-
tated by woman.

The rumor that Cleveland, O., won
the World Series is false.

Cleveland, O., won neither the pen-
nant nor the world championship.

This is authoritative, founded upon
fact, based upon reason, and cooked
upon the coals of truth.

It wasn't Cleveland that won. It
was Hubbard City, Tex., Tallahassee,
Ga., Knoxville, Tenn., Chattanooga,
Tenn., Minooka, Ill., Corydon, Pa.,
Shamokin, Pa., and a flock of other
rube towns scattered all over the U.
S. A.

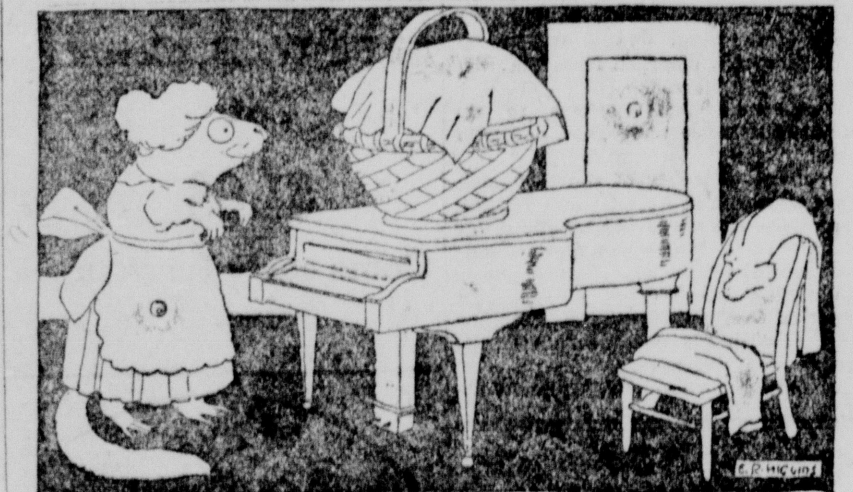

There are some who insist the pen-
nant should go to Cleveland because
Cleveland departed from big league
rules and let two Cleveland natives
play on the team. Other big league
teams won't permit anything of the
sort.

And, they argue that Cleveland is
entitled to the world championship
because there was one player on the
Brooklyn team born in Cleveland, O.,
and another born in Cleveland, Tenn.

BRINGING UP FATHER.

ADVENTURES OF THE TWINS
by Olive Roberts Barton

THE PICNIC.
The Meadow Grove school was hav-
ing a picnic. Mr. Scribble Scratch,
the fairman schoolmaster, announced
it on Friday afternoon after recess,
and such a racket you never heard—
such squealings and squealings and
cacklings and whistlings and buzzings
and everything. Even Nick, who tried
to be dignified being truant officer,

you know, threw up his cap and
caught it on his toe, and Nancy did a
happy little jig around the room.

They were to meet on Saturday un-
der the big willow-tree on the edge of
Lily Pond and each family was to
bring its own basket of goodies. Of
course, all that night there were the
best smells ever in Meadow Grove
Land, because there were cakes and
pieces to bake and sandwiches to be
made, and wild-berryade to bottle.

THE BOOK OF ANN.

WE AGREE THAT MODESTY IN
DRESS AND ACTIONS IS
SLOWLY RETURNING.

"Miss Modesty" is the coming fad,
I guess," remarked Corinne Caryl.
"You see, as a professional 'vamp' I
must keep posted."

"Corinne is going to buy a new
wardrobe in New York," explained
Midget.

"Yes, and it will have to be very
different from the clothes I've been
acting in," agreed Corinne. "Just con-
sider two of New York's recent mu-
sical successes, 'Ruddigore' and
'Irene.' Not a shocking costume in
either of them! 'Irene' was taken to
London where it is meeting with ex-
traordinary success."

"The ingenue who carelessly neg-
lects to surround herself with suf-
ficient drapery has had her day, it
seems to me," meditated the Midget.
"Society women have certainly
made the strictest rules for young
girls," remarked Chrys who had join-
ed us. "But they're awfully inconsis-
tent. The grande dames—at a social

But, after weighing this claim, and
all the facts in the case the cham-
pionship is awarded to those tail grass
villages where they produce real ball
players.

All Cleveland, O., did toward win-
ning the pennant was to furnish the
field to play on.
Hubbard City, Tex., furnished Mr.
T. E. Speaker; Shamokin, Pa., con-
tributed Mr. S. Coveleskie; Tallahassee,
Ga., helped along with Mr. J. C. Hag-
by; Snos Falls, Vt., came to bat with
W. L. Gardner; Minooka, Pa., did the
premier catching with E. F. O'Neill;
Milan, O., assisted with E. J. Smith;
Titus, Ala., hustled across with J.
Sewell; Paterson, N. J., gave up C. D.
Jamieson; Corydon, Pa., loaned R. B.
Caldwell; Meridan, Miss., aided with
J. Evans, and at the last minute
Cleveland, O., had to hotfoot it to the
coast and get W. Mails, of Sacra-
mento.

It is true that Cleveland contrib-
uted the balls, bats, gloves, and W.
Wambsgans and G. E. Uhl, but that,
it may be explained, was somewhat
offset by what Cleveland, O., and
Cleveland, Tenn., contributed to
Brooklyn in R. W. Marquard and J.
H. Johnston.

If Cleveland, O., wants to be fair
in the matter it ought to tear the pen-
nant into a score of pieces and send
the pieces to the burghs that really did
the winning.

P. S.—Squire Abner Harrington ar-
gues from the above array of facts
that it is true about a ball player nev-
er being without honor save in his
own home town.

function—are often sights. You know
they are, Jane. You've often seen
dowagers painted and powdered and
curled to the final degree of artifice.
No backs at all to their bodices, my
dear. And only a trail of embroidered
gauze dragging below their extremely
short skirts. Grotesque, isn't it? A
lot worse than anything ever done in
the movies! And then—behold their
granddaughters—arrayed as modestly
as if they were to be presented to the
Queen of England!"

"By the way, the king and queen
of England have just held their first
court since the war," I said. "And
the queen has made some stringent
new rules about the attire of the wom-
en who are presented at court. She
is leading a revolt against extravagant
fashions, it seems. And against im-
modest clothes."

"The girls lately presented to her
were all dressed as simply, as Midget
is going to look in her little organdy,
this noon," Corinne laughed.

"Did you ever stop to think that the
girl who has made the most money in
American movies has never been seen
in an immodest costume?" ventured
Midget.

"That is true," Chrys agreed. "And
I guess her influence on the fashions
of the time is about as great as that
of any reigning queen."

"Both Marys taboo extravagant
complexions," laughed Midget.
"Ex-members of the A. E. F. have
the best name for cosmetics," said
Chrys. "Wasn't it? It implies a
good deal, doesn't it?"

"Hodge is like cigars for women,
well enough for the companion of an
hour, but quite out of the question for
the girl a man marries," said Corinne,
the famous vampire.

"I think it is the sense of this meet-
ing that a reaction toward more re-
fined dress for women is already set-
ting in," said Chrys rising to her feet.
"And I would like to say, before this
conference adjourns, that I think it is
good taste which is causing the
change. I think the men are tired of
seeing boudoir styles paraded on the
streets in daylight. I believe that cal-
cimed noses and war-paint irritate
lots of the boys."

Chrys interrupted the applause with:
"Come, girls, its time to dress for
luncheon!"

Half an hour later, my own slow
process of grooming was interrupted
by the ringing of the phone in my
room.

Ann's voice came over the wire:
"My party is ruined!" she moaned.
"Yes, Jane! Absolutely spoiled!"
"What's the matter, dear? Have the
servants gone out on strike?" I sug-
gested, only as a pleasantry.
"You've guessed it, Jane!" she wail-
ed. "That's exactly what's happened!"

STRAW BALLOT OF FARMERS INDICATES THEY'RE FOR HARDING

Farm Journal Poll Shows Tillers Are for G. O. P. Ticket.

Philadelphia, Oct. 22.—Harding is going to sweep the farmer vote of the country into his presidential basket if the returns in the Farm Journal straw ballot tell a true story.

Out of 15 pivotal states from which returns have come Harding has polled approximately 76% of the farmer vote with the balance split between Cox, Debs, and the Farmer-Labor party. In Minnesota 95% of the votes are for Harding and only in Indiana and Illinois does there appear to be any considerable division of opinion. Cox has polled 45% of the ballots in Indiana to date, and 46% of the votes in Illinois.

Whether its straw votes indicate the preference of farm women as well as men, the Farm Journal is not prepared to state. For years it has conducted a straw ballot among the farmers of the country and never yet has it failed to pick the winner. In 1916 Wilson was indicated as winner by a small margin, and California, which ultimately decided the issue, had given Wilson a small majority in the Farm Journal ballot.

This year California is going 71% for Harding in the test vote. Whether the women on the farm will share the views of the men-folks remains to be seen. The returns up to date are as follows:

	Harding	Cox
New York	64 percent	36 percent
Pennsylvania	66 percent	34 percent
Ohio	74 percent	26 percent
Indiana	55 percent	45 percent
Illinois	54 percent	46 percent
Michigan	71 percent	29 percent
Wisconsin	79 percent	21 percent
Minnesota	96 percent	4 percent
Iowa	86 percent	14 percent
Missouri	71 percent	29 percent
Kansas	94 percent	6 percent
Nebraska	90 percent	10 percent
California	71 percent	29 percent

Man Held on Charge of Beating a Girl

DeKalb, Oct. 21.—Marian Charms, 13-year-old daughter of the sister of John Mason is now at the home of Sheriff Decker at Sycamore and out of the reach of her uncle, John Mason of Hinckley whom she charges with beating her so that she could not stand.

Miss Charms only came to this country last February and so is able to speak but very little English. She was going to school in Hinckley at the time it was found that she was being beaten. She had come to the school and was crying. When asked what was the matter it was some time before the teacher was able to find out she had been so terribly beaten. Her arms and back were just a mass of bruises.

It happened that a director of the school was in the building at the time and he was called. He immediately called the sheriff who took the girl in his charge and also served papers on the guardian.

It is the plan of the county officials to place the girl in school but this cannot be done without first serving public notice on the parents. This will take about 20 days.

Some date in early November has been set at the date of the trial of Mr. Mason and if the charges are proven against him he will undoubtedly think twice before he ever does anything like it again.

Knox College Has Big Home Coming

By Associated Press Leased Wire

Galesburg, Ill., Oct. 22.—Knox college will celebrate its annual home coming tomorrow with a football game against Beloit college as the feature of the occasion. Knox and Beloit are old time rivals and many alumni are expected back for the game. Knox

will be crippled because of the loss of Campbell, star tackle, who broke his leg in last Saturday's game with Cornell. Welch, quarterback, and Captain Imig, full back, have been out of practice all week, but are expected to play Saturday. The teams will be almost evenly matched, although the Knox eleven has had more experience than their rivals.

AMUSEMENTS

ACADEMY MUSIC, STERLING.

Virginia Lee, one of the Bathing Beauty Chorus with the musical comedy success, "The Katzenjammer Kids" at the Academy of Music Monday, Oct. 25.

Hilarious comedy, haunting music, whistling songs, and diversified dancing, are the ingredients of the well-known and well-liked musical comedy, "The Katzenjammer Kids," which will be presented at the Academy of Music, Sterling, on Monday, October 25. John P. Mulgrew is responsible for the book and lyrics, and Donald H. Bestor for the music. The play is built around the characters of Hans and Fritz, who are also known as "The Shenanigan Kids" and "The Katzies" and who have acquired world-wide popularity through the amusing cartoons published by hundreds of newspapers throughout the country.

The musical program consists of twenty-three song numbers and a company of thirty people is carried to portray the different characters of the Katzenjammer family and their friends. Among the many special and novel features introduced during the performance are two—deserving of special recognition—the artistic Fashion Plate Chorus, and the pleasing Bathing Girls chorus.

ACADEMY OF MUSIC.

The Academy of Music, Sterling, offers the Bronze Bostonians Musical Revue in Hello Jazzbo. The company

comprises 35 people and has a big beauty Creole chorus. It is said to be the greatest show of its kind since the days of the famous Williams & Walker.

Harding Completes His Campaign in N. Y.

By Associated Press Leased Wire

Marion, O., Oct. 22.—With his return to Marion today from his short campaign excursion into New York state, Senator Harding had before him four days of freedom from speech making before beginning the swing around the circle of his own state that will wind up his campaign. The speech at Buffalo last night completed the nominee's list of engagements outside Ohio. His front porch program also is virtually at an end, and the only speaking dates now definitely to be filled are the four next weeks in Cleveland, Akron, Cincinnati and Columbus.

Whether Senator Harding will fill all of these engagements in one trip or will return to Marion between speeches, has not been determined. Some of his advisors are urging that he make no attempt to spend any of the time after Wednesday at home but devote the spare time to rear platform speeches.

To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength) Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

STRAW BALLOT OF FARMERS INDICATES THEY'RE FOR HARDING

Farm Journal Poll Shows Tillers Are for G. O. P. Ticket.

Philadelphia, Oct. 22.—Harding is going to sweep the farmer vote of the country in the presidential contest if the returns in the Farm Journal straw ballot tell a true story.

Out of 15 pivotal states from which returns have come Harding has polled approximately 76% of the farmer vote, with the balance split between Cox, Debs, and the Farmer-Labor party. In Minnesota 95% of the votes are for Harding and only in Indiana and Illinois does there appear to be any considerable division of opinion. Cox has polled 45% of the ballots in Indiana to date, and 45% of the votes in Illinois.

Whether its straw votes indicate the preference of farm women as well as men, The Farm Journal is not prepared to state. For years it has conducted a straw ballot among the farmers of the country and never yet has it failed to pick the winner. In 1916 Wilson was indicated as winner by a small margin, and California, which ultimately decided the issue, had given Wilson a small majority in the Farm Journal ballot.

This year California is going 71% for Harding in the test vote. Whether the women on the farm will share the views of the men-folks remains to be seen. The returns up to date are as follows:

	Harding	Cox
New York	64 percent	28 percent
Pennsylvania	66 percent	34 percent
Ohio	74 percent	26 percent
Indiana	55 percent	45 percent
Illinois	54 percent	46 percent
Michigan	71 percent	29 percent
Wisconsin	79 percent	21 percent
Minnesota	96 percent	4 percent
Iowa	85 percent	14 percent
Missouri	71 percent	29 percent
Kansas	94 percent	6 percent
Nebraska	99 percent	10 percent
California	71 percent	29 percent

Knox College Has Big Home Coming

By Associated Press Leased Wire
Galesburg, Ill., Oct. 22.—Knox college will celebrate its annual home coming tomorrow with a football game against Beloit college as the feature of the occasion. Knox and Beloit are old time rivals and many alumni are expected back for the game. Knox will be crippled because of the loss of Campbell, star tackle, who broke his leg in last Saturday's game with Cornell. Welch, quarterback, and Captain Imig, full back, have been out of practice all week, but are expected to play Saturday. The teams will be almost evenly matched, although the Knox eleven has had more experience than their rivals.

AMUSEMENTS

ACADEMY MUSIC, STERLING.

Virginia Lee, one of the Bathing Beauty Chorus with the musical comedy success, "The Katzenjammer Kids" at the Academy of Music Monday, Oct. 25.

Hilarious comedy, haunting music, whistling songs, and diversified dancing, are the ingredients of the well-known and well-liked musical comedy, "The Katzenjammer Kids," which will be presented at the Academy of Music, Sterling, on Monday, October 25. John P. Mulgrew is responsible for the book and lyrics, and Donald H. Bestor for the music. The play is built around the characters of Hans and Fritz, who are also known as "The Shenanigan Kids" and "The Katzies" and who have acquired world-wide popularity through the amusing cartoons published by hundreds of newspapers throughout the country.

The musical program consists of twenty-three song numbers and a company of thirty people is carried to portray the different characters of the Katzenjammer family and their friends. Among the many special and novel features introduced during the performance are two deserving of special recognition—the artistic Fashion Plate Chorus, and the pleasing Bathing Girls chorus.

ACADEMY OF MUSIC.

The Academy of Music, Sterling, offers the Bronze Bostonians Musical Revue in Hello Jazzbo. The company

comprises 35 people and has a big beauty Creole chorus. It is said to be the greatest show of its kind since the days of the famous Williams & Walker.

Harding Completes His Campaign in N. Y.

By Associated Press Leased Wire
Marion, O., Oct. 22.—With his return to Marion today from his short campaign excursion into New York state, Senator Harding had before him four days of freedom from speech making before beginning the swing around the circle of his own state that will wind up his campaign. The speech at Buffalo last night completed the nominee's list of engagements outside Ohio. His front porch program also is virtually at an end, and the only speaking dates now definitely to be filled are the four next weeks in Cleveland, Akron, Cincinnati and Columbus.

Whether Senator Harding will fill all of these engagements in one trip or will return to Marion between speeches, has not been determined. Some of his advisors are urging that he make no attempt to spend any of the time after Wednesday at home but devote the spare time to rear platform speeches.

To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Farnint (Double Strength.) Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

Farnint is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

BUSINESS PROSPECTS UNUSUALLY BRIGHT IN OPINION JUDGE GARY

Skies Without Clouds As
Readjustments Gradu-
ally Take Place.

By Associated Press Leased Wire

New York, Oct. 22.—Business prospects are unusually bright both in the United States and abroad, Elbert H. Gary, head of the United States Steel corporation declared in an address before the American Iron & Steel institute here today.

"Although this is a time for courage, composure and caution," Mr. Gary said, "the business skies are practically without clouds. As always there may be showers from time to time, but there is nothing in the atmosphere to indicate the approach of dangerous storms."

"If there should be a serious reaction and depression," he continued, "which now seems improbable, it will be the fault of those who are connected with business operations or others who by reason of official positions, improperly interfere, and not because of any fundamental deficiencies in our resources and opportunities."

"Without referring to individual cases or lines of general business I believe in many instances profits have been outrageously high. This observation applies more especially to middlemen, so-called, and to smaller departments of industry. It also includes employees in certain trades; but it does not pertain under present conditions to the masses of workmen."

For Fairer Basis.

"The present tendency is toward a lower, more reasonable and fairer relative basis. The difficulty is found in the fact that every individual is perfectly willing that all others shall make reductions,—the larger, the better. Now a general public, including particularly those who neither buy nor sell, are another thing about a fair and reasonable adjustment of prices. The law of supply and demand will be the principal factor."

"The people of the United States have reason for confidence in the business future. They need not be discouraged nor impatient."

Speedy recovery of industry in France and Belgium from the ravages of war, was predicted by Mr. Gary.

"I think France has one of the best administrations she has ever had," Mr. Gary continued. "The president is strong, resourceful, honest and has the confidence of every one. The cabinet is made up of good men. We shall see great progress economically, financially and commercially during the next few years."

GREATST RAIL ROAD BUILT TO BE DESCRIBED

Harry Morrow Will Tell About It This Evening.

(Contributed)
Harry Morrow believes that you must get straightened up with God and man if you want to be saved. He gave the congregation at Grace church a lot of strong truth to think about last evening. He preached about Zaccheus, the rich publican, who climbed up into a tree to see Jesus when he passed through Jericho. Zaccheus was converted and everybody began to "sit up and take notice" when he went around town making restitution.

The evangelist told about a man who had been employed on a farm as hired man and one day he took a load of oats to town and sold it and pocketed the money. Seventeen years after that while he attended a revival meeting his conscience began to trouble him about that thing. He confessed it to the minister and then went and paid for the oats. The condemnation that had been upon him passed away and a heavenly joy filled his soul. Rev. Morrow took twelve or fifteen boys from Chicago to a camp meeting at Manville, Ill., and most of them were converted, and they are faithful Christians today. Among them was a lad who had been employed in a candy factory, and he confessed that he had stolen \$25.00 worth of candy from his employer, who was a Jew. He went to work and as fast as he could earn the money he paid it to the man whom he had robbed. Now he is attending a night school and says he is called to preach. He has splendid gifts.
These illustrations are an indication of the standard which is being upheld.

in the revival at Grace church. One lady came forward as a penitent last evening.
If you intend to be lost, you have plenty of time; if you want to be saved, you haven't a moment to spare. "You can't get saved when you want to. God's time is now. Therefore seek Him while you have the opportunity."
This evening Harry Morrow will preach on, "A Train Ride on the Greatest Rail Road that was ever built." Come early. Charles Conley will sing.

SALE RIGHTS FOR PERFECT TONIC ARE SECURED BY LOCAL DRUGGISTS

MAKES TEN STRIKE TO AID SUFFERERS LANDING TRUTONA

Prompted By the Unprecedented Success of Wonderful Medicine, Rowland Brothers Secure Agency.

WILL BENEFIT SCORES OF PEOPLE

Trutona, the Perfect Tonic, that has become so widely popular, in scores of large cities, is now on sale in Dixon at Rowland Brothers' drug store.

The unprecedented success of Trutona, is due entirely, to its efficiency. Hundreds of people, are daily testifying to the beneficial results, they have obtained from its use. What better proof of a medicine's merit, could be desired?

Trutona, is a tonic of the highest degree, exciting the appetite, and invigorating the digestion. It is highly recommended, for the treatment of dyspepsia, stomach trouble, liver and bowel troubles, and catarrhal affections. Its action on the liver, is almost instantaneous, stimulating that most important organ, when languid, and resolving its torpid and chronic engorgement.

Trutona acts directly on the mucous membranes, producing a sharply stimulative effect, and leaving a pleasant tonic condition. It is a very valuable agency, in all catarrhal affections, including those of the alimentary tract, head and nose. Trutona, is a prompt, efficient, and absolutely safe laxative. It is a strength builder, unsurpassed by any preparation. Its use is recommended, by run-down and weakened men and women, who are recovering from the serious after-effects, of pneumonia, influenza and deep colds.

Trutona's healthful action reaches every portion of the body, and performs its work faithfully, and efficiently. The Perfect Tonic, rebuilds diseased nerves and tissues, creates a healthy appetite, and aids in the assimilation and digestion of the food.

MONEY SHORTAGE IS FEARED BY HER

"I'm afraid its going to keep me broke, getting enough to eat, since I've taken Trutona," was the assertion of Mrs. Florence Tanager, of 212 Main St., Quincy, Ill., a few days ago.
"I actually feel like a new woman," she continued, "and I know that any weakened and run-down man or woman will find relief in Trutona. I'm glad to recommend the wonderful medicine to the people of Illinois."

USERS NOW REALIZE TRUTONA'S THE WORK OF MASTER CHEMIST

Perfect 'Blending' of Powerful Ingredients Gives Perfect Tonic Surprising Effectiveness in Bringing Relief.

Everyone knows that it is not, as a rule, the particular kind of beans, but the scientific blending of two or more species, which gives to our coffee, its delightful, and enticing flavor. By the same token, it is not the particular kind of tobacco, but the perfect blending of several species, which makes for good cigarettes.

Much the same may be said of medicines. True, the ingredients must possess, certain medicinal properties, but of equal importance—possibly more—is the process of compounding—the perfect 'blending' of the ingredients.

There are many medicines, which contain properties, of effective medicinal value, yet they fail to give relief. And why? Simply because of the faulty compounding. Overabundance, of one ingredient, detracts from, or counteracts the effectiveness of another, and vice versa. In other words, much depends upon the skill of the Chemist.

Trutona, the Perfect Tonic, has been compounded, by one of the foremost Chemists in the Middle West—a man skilled to the utmost, in the preparations of medicines. That's why, in the thousands of cases, which have been testified to, by the users of Trutona, the Perfect Tonic, has proven to be so surprisingly effective, after other medicines flatly failed.

Composed of powerful ingredients, SKILLFULLY 'blended,' Trutona, goes straight to the seat of your troubles, rebuilds worn-out tissues, and gives you vitality and energy, of the kind which scoffs at hardships.

A trial will convince you, that there is no flaw in the compounding of Trutona, the Perfect Tonic! Think it over.
"I CAN'T PRAISE IT TOO HIGHLY NOW"
Here is the statement of a well-known Quincy, Ill., woman, who believes Trutona, "is worth its weight in gold." The party in this case is Mrs. E. R. Davis, who lives at 611 Hampshire St.:
"Yes, I think Trutona's worth its weight in gold," Mrs. Davis says. "I simply can't speak too highly of the wonderful medicine. I've a fine appetite now. Everything I eat tastes good, and I'm able to sleep just fine at night."

GRADUATE NURSE TELLS OF RELIEF GIVEN BY TRUTONA

Highly Praises Perfect Tonic and Declares It Has No Equal Among Medicines Today as Wonderful System Builder.

Never before in the history of proprietary medicines has a preparation received such high praise from doctors, nurses and hundreds of prominent men and women as has Trutona. This striking feature of the scores of testimonials, given daily in behalf of Trutona is an impressive tribute to the merit of the Perfect Tonic.

Mrs. Fred Zeigler, of 563 West Main St., Decatur, Ill., is a graduate trained nurse, of the Samuel's Hospital, Columbus, O. This well-known Illinois woman, highly skilled in the science of medicine declares Trutona, is without an equal, among the medicines of today.

"My general system had been run-down, for more than a year," Mrs. Zeigler says. "I suffered from indigestion; my liver was in terrible condition, being very torpid and sluggish, and my kidneys were badly disordered. I often had severe pains in my back, and was subject to dizzy spells at times. Everything I tried to eat had a bad taste to it. I was in such a weakened condition, that I couldn't enjoy a night's sleep. Yes, I had tried other medicines, but no relief."
"Of course, in my profession as a nurse, I have made a careful study of medicines, and I know after reading the formula, and tasting Trutona, that it contained just what would benefit me. It's remarkable, the change Trutona has made in me. My meals taste fine now. I don't suffer from the former dizzy spells at all, and I seem to have much more life about me. I don't suffer from the kidney pains in my back, as before, and I sleep just fine at night. I want to highly praise Trutona, as a wonderful system builder, and I can say to the people of Dixon, that the Perfect Tonic has no equal among medicines today."

RETIRED BUSINESS MAN GIVES OPINION

W. A. Bradley, a prominent retired business man of Decatur, Ill., who lives at 326 South Water St., says of Trutona:
"I want to recommend Trutona to any sufferer from kidney trouble, as a most wonderful medicine. Trutona has entirely relieved me of the former kidney pains in my back. My kidneys are more normal in their action, too. I can stoop over now, without suffering the severe pains that I did before I used the Perfect Tonic."

Judge Landis Takes Hand in Search for Members Rum Ring

By Associated Press Leased Wire
Chicago, Oct. 22.—Federal Judge Kenesaw M. Landis today began active participation in the investigation of an alleged "whiskey ring" said to be shipping liquor to Chicago under forged permits and distributing it wholesale to former saloonkeepers.

The judge has ordered the district attorney's office and the prohibition officers of the district to bring in every man connected with the whiskey traffic and asserted he would "expose every crooked policeman and federal agent in Chicago."

"This business has gone far enough," said Judge Landis. "It is time to call a halt, and I am sending out that call right now. I want to know who is permitting these bootleggers to operate wholesale. "It can be stopped and I'm going to stop it. The law is being violated flagrantly, apparently right under the noses of the people who are supposed to see that it is enforced."
